

PETRONAS

PETRONAS AUTHORISED DEALER

PETROWANGSA SDN BHD

(1001882-D)

CORPORATE PROFILE

About Us

PETROWANGSA SDN BHD was incorporated in year 2012 as Malaysian Bumiputera wholly owned company which providing products & services for oil & gas, marine and heavy engineering industry.

The company's management team comprises experienced and qualified people, specialized engineers and well-trained technicians to undertake various jobs and assignments.

Licensed by PETRONAS, we are currently expanding our scope of supply and services by offering an appreciable various range of services in dimensional control & laser scanning survey, coating & corrosion prevention services, pipe insulation, pipe marking/labeling solution, tank cleaning and equipment load testing services.

The company's business philosophy is to provide prompt and high quality services to the full satisfaction of its customers.

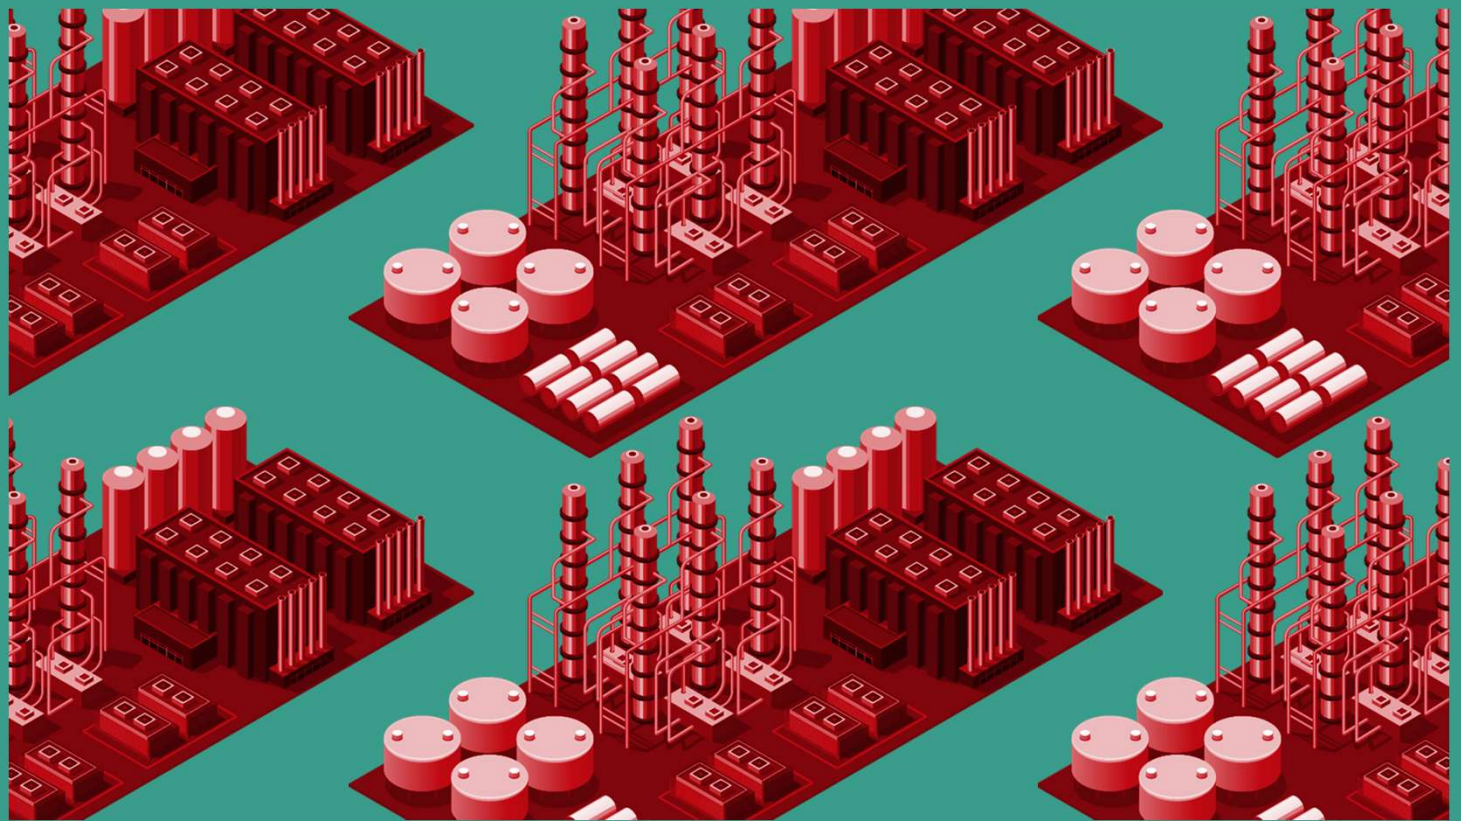

Vision

To become the leading in specialize skills manpower services for the local industry.

Objective

- To stay competitive in supplying engineering products & specialized engineering manpower services for the local market and overseas.
- To penetrate new sectoral market and to expand geographically
- To work as a team in association or diversified for continuous improvement specifically in quality and services
- To satisfying our customer's needs

COMPANY INFORMATION

Organization Chart

OUR PRODUCTS

PETRONAS Lubricants Products

Petrowangsa supplies various commercial and industrial PETRONAS lubricants products from aviation, marine, specialised industrial and heavy duty engine oil.

Other PETRONAS industrial products:

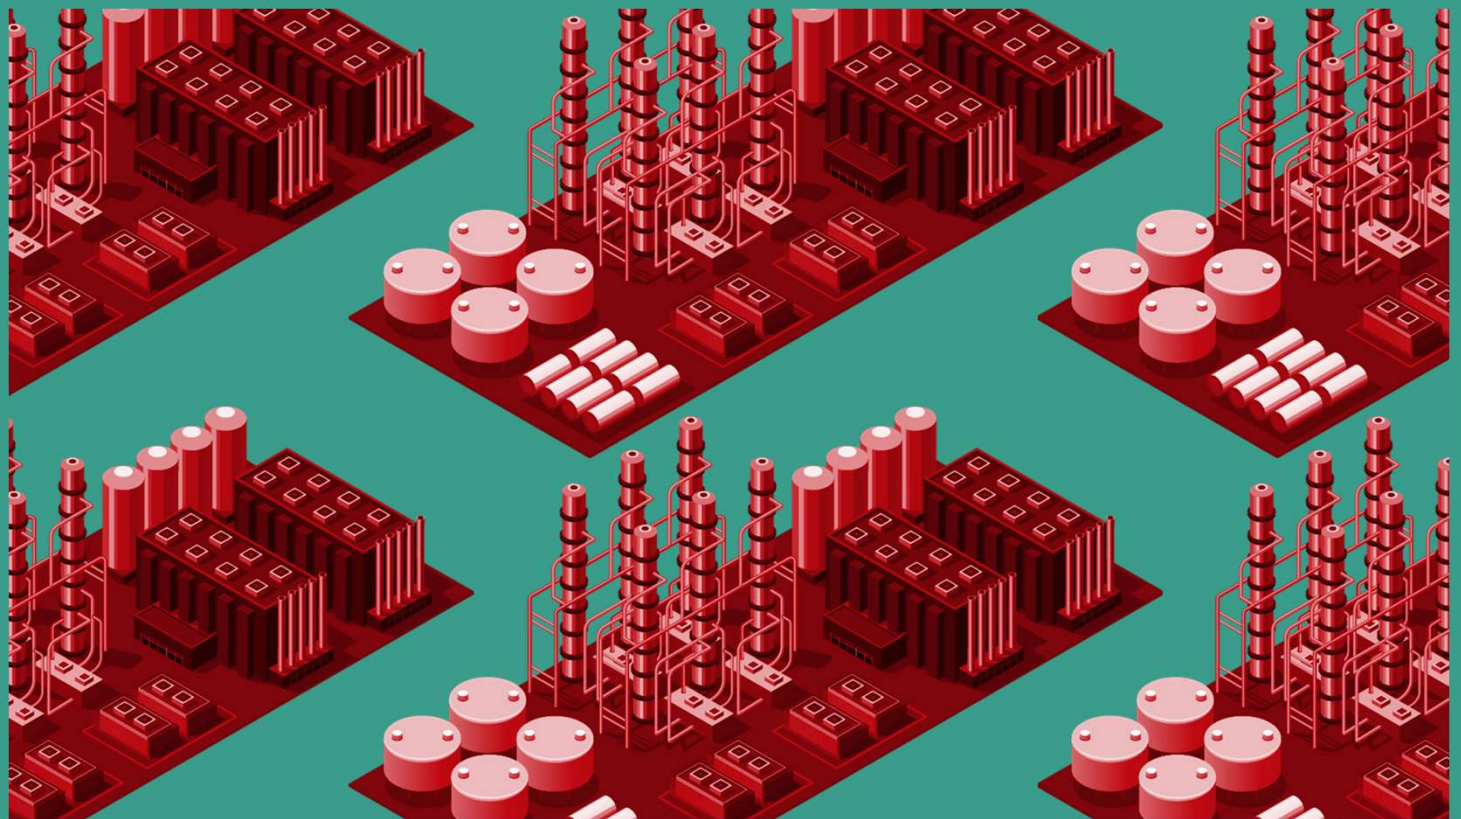

Other Lubricants Products

Petrowangsa also caters any requirements for mineral oil which is the fraction of naturally occurring crude oil with the right properties for lubricating engines. We work with brands that combined and optimised additive technology to provide robust engine oils for use in a range of vehicles.

LICENSES & CERTIFICATES

PETRONAS LICENSE

PETRONAS

LICENSE TO SUPPLY PRODUCT/SERVICE TO EXPLORATION AND OIL/GAS COMPANIES IN MALAYSIA

In exercising the powers conferred by Section 7, Petroleum Development Act 1974 and in accordance to Regulation 5 of the Petroleum Regulation 1974, delegated to me by the Prime Minister of Malaysia, I hereby issue the license under Regulation 3 of the Petroleum Regulation for the purpose of the above to:

Certificate generated at: 24.05.2023

PETROWANGSA SDN. BHD. (201201016371)
THIRD FLOOR, NO. 77, 79 & 81 JALAN SS 21/60, DAMANSARA UTAMA, 47400 PETALING JAYA, SELANGOR,

Details of License are as follows:

Company's No	: 201201016371
Type of Company	: License
Duration of License	: 06.06.2022 - 13.06.2025
License Fee	: RM 750.00
Categories of Product/Service	: As attached in 'CATEGORIES OF LICENSE / REGISTRATION'.

Special Conditions impose onto this license:-

Subject to the special conditions as attached.

General requirements of this License are as stated in the next page.

Reminder: License Must Apply For Renewal 4 Months Before The Expiry Date.

PETRONAS LICENSE GENERAL CONDITIONS

- Company is required to register, obtain a license, permit or authorization from the relevant authority to carry out the services or supply of product or material used in company's operation and activities;
- This license is not transferable to any company/other party;
- This license will be revoked if the company is found to be in the process of liquidation, winding-up or dissolution;
- Company shall inform PETRONAS on any changes related to company's position such as equity ownership, board of directors and management staff within **fourteen (14) days**. Failure to do so can result in revoke of License;
- Company should take immediate action to adhere to the special conditions imposed as stated in the appendix of the PETRONAS license certificate and to inform PETRONAS on the progress of this action;
- Company is not allowed to take another company as principal, agent, sub-contractor or otherwise to provide any service or supply of any facility, fittings or equipment on its behalf without prior written consent from PETRONAS;
- Company shall allow PETRONAS representatives for inspection visit / site / company audit and review / copy of documents and interviewing employees and related parties;
- Sub-contract work to another contractor without written permission from PETRONAS.
- Reject any contract or tender awarded.
- Entering or accepting contract or tender during the license suspension period.
- Provide false, inaccurate or misleading information.
- Does not follow tender's regulations and ethics including but not only limited to sending poison-pen letters, bribing or lobbying.
- Engaged in any inappropriate activities with this License.
- According to Act 9, Petroleum Acts 1974, a person who initiate or continue any business or continue providing services as mentioned in Act 3 without a license or do not comply with any condition of the license is committing a crime and can be fined not exceeding RM50,000.00 (Fifty Thousand Ringgit) or imprisonment for a period not more than two (2) years or both and in respect of each continuous crime, it is subject to further fine of RM1,000.00 (One Thousand Ringgit) for every one (1) day or any part of one (1) day which the offense continues after the first conviction is recorded;
- This approval is not an agreement/guarantee that your company will be called to participate in a tender or quotation of PETRONAS or its subsidiaries;

PETROWANGSA SDN BHD
CORPORATE

PRODUCT SUPPLIES

Personal Protective Equipment (PPE)

PERSONAL PROTECTIVE EQUIPMENT (PPE)

We specialize in providing a full range of personal protective equipment and to a certain extent, environmental safety products.

Our PPE supply products include

- Coveralls
- Face shields
- Glasses
- Gloves
- Helmets
- Respirators

Pipe Marking / Labeling Solutions Division

BRADY ID TAGS, SIGNAGE & PIPE MARKERS SOLUTIONS

We provide solution for Brady's comprehensive collection of pipe and valve markings, tools and identification systems. Clearly marked pipes let workers trace process problems and find solutions faster. Also, Brady's pipe and valve marking solutions help satisfy safety and ASME (ANSI) standards. With Brady markers, you can easily identify pipe content and flow direction with self-sticking labels, valve tags and other high-performance pipe markers that ultimately keep your facility safe and compliant. Brady provides a wide range of pipe markers made of materials that match your needs; indoors, outdoors, in harsh environments or light duty applications, Brady has you covered.

Load Testing Division

Every area of heavy industry installation which dedicated into lifting required a load test to be conduct. By ignorance of this requirements, meaning we are putting someone life into potential incident. We provide test solution for our client from testing to Authority or third party endorsement.

We provide Load Testing Services for any kind of:

- 1) Onshore & Offshore Cranes
- 2) Engine Room Cranes
- 3) Lifeboat & Davits
- 4) Pilot Ladders
- 5) Gangways
- 6) Derrick
- 7) Elevator
- 8) Spreader Bar
- 9) Chain Hoist
- 10) Material Hoist
- 11) Structural Frame
- 12) Lifting Appliances

Method of Test:

- 1) Direct Test
- 2) Dead Weight
- 3) Water Bag
- 4) Hydraulic Test
- 5) Spreader Bar
- 6) Off Set Test
- 7) Ratio Test

Certified Body: DOSH / BV / SGS

Lifting & Material Handling Equipment

LIFTING & MATERIAL HANDLING SUPPLIES

We can supply all aspects of lifting equipment to suit almost any lifting application. Lifting equipment is also commonly referred to as lifting gear, lifting tackle, hoisting equipment, material handling equipment and manual handling equipment, among many other terms and phrases and generally covers a massive range.

Below are the main categories of lifting equipment that we offer:

Chain Hoists; Manual, Electric, Pneumatic

Chain hoists are probably the most common piece of machinery used to lift and lower equipment. They are designed to lift a load vertically using a hook connected to a chain which is then driven either manually, electrically, pneumatically or hydraulically. A chain hoist can be a permanent fixture for when a lift is commonly required within the same vicinity or temporary fixing for when a lift is required in several different locations infrequently. All chain lifting hoists offered by us are suitable to be fitted to a trolley, which can be either manually moved or have powered travel, by such means as electric, air or hydraulics.

Lifting & Material Handling Equipment

Wire Rope Lifting / Pulling Winches & Hoists

Available here are a wide choice of hoists which can either lift or pull a load by means of a wire rope.

There are two main differences with wire rope devices, some are designed to lift and pull (hoists) and some are designed just to pull (winches). The main factor that decides if a wire rope machine can be used

to lift, pull or both is the factor of safety that it required and the unit is built

to; to lift a load there is a FOS (factor of safety) requirement of 5:1, whereas

to pull a load the requirement on only 3:1 FOS. Options are available for manual, electric, pneumatic or

hydraulic cable pulling and lifting devices. All of which have their own unique features and

specifications which can make one more suitable than another. If you feel you need assistance at any

point in deciding the right piece of equipment for you, please get in contact and we will do our best

to ensure your problem is solved.

Lifting & Material Handling Equipment

Rigging Gear; Riggers Equipment

We offer general lifting tackle used under the hook commonly referred to as "rigging and slinging equipment", used by the rigger to make safe the lifting process. Many users refer to the items contained within this category as lifting accessories or loose lifting gear. We sell quality rigging accessories from reputable manufacturers like Crosby, Hackett's, McKissick etc....

Cranes; Mobile, Portable and Fixed

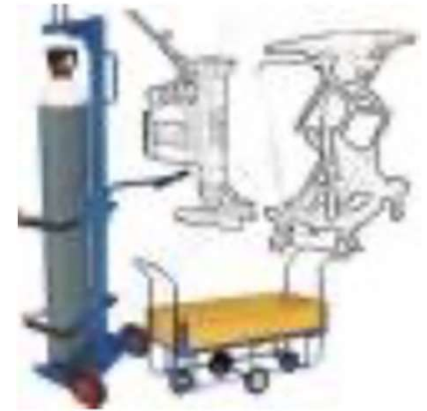

We offer a selection of cranes, a great choice of standard and special manufactured options on most product lines. There are portable, modular cranes that are movable with/without load or installed cranes like overhead cranes (manual and fully powered). We offer solutions with Atex (anti-sparking features) and lightweight aluminium cranes though generally can modify to suit our customers' requirements. We offer one off the greatest online selections of floor cranes in the world, our portable workshop cranes and many unique features and are mostly individually made to our customers' specification.

Lifting & Material Handling Equipment

Material Handling, Jacking & Fork Lift Truck Equipment

Manual handling equipment is designed to reduce the manual handling effort and associated risk to the user to a minimum and you will find the range offered by us is vast. There are many subcategories of manual handling equipment available; they can be manually operated, electrically controlled, pneumatic or hydraulic powered. If you have a manual handling issue and need a solution we advise that email our technical team, who will do their best to offer the most appropriate solution. We offer a great range of lifting jacks as normally used to lift, lower and/or hold equipment, in numerous design styles to suit our customers jacking needs. Our jacks are manual or electrically operated and can be supplied with hydraulic or mechanical lifting.

Lifting & Material Handling Equipment

Specialist Lifting Equipment

For most of the products in this category that we refer to as specialist application lifting equipment we probably also offer a similar or identical item in another category except it will be made from a different material or made to a different specification from normal industrial working environments. For example the ATEX category contains many items that have generally been modified to work safely in potentially explosive areas, items like chain hoists and rather lever hoists which are also offered without the anti-sparking (spark proof) modifications.
